

hellooooo

Welcome to Groningen!

Have you always wanted to try out scuba diving, but never had the chance to do it? Or are you already a certified diver wanting to dive while studying in Groningen? Then why not join Ad Fundum! We offer scuba diving courses and organise trips all around the Netherlands and even across the world all while making friends for life!

DIVING EDUCATION

At Ad Fundum you can learn how to dive and get a CMAS certificate which is recognised worldwide.

We organise a couple of diving courses throughout the year.

Our instructors are qualified to teach at all levels, from total beginners to experienced divers that want to become instructors.

DIVING WEEKENDS

When weather allows us, we organise diving weekends at nearby diving locations.

In between these dives we love to BBQ and enjoy socialising.

Our favourite diving location is Zeeland on the south of the Netherlands which is rich in underwater life.

DIVING HOLIDAYS

Do you like to travel?

Every summer we organise a diving holiday somewhere abroad.

Last year we went to Croatia, this year to Egypt and next year you can help us choose where to go.

This is a great way to see the world and dive in beautiful places in a great atmosphere.

NEW TO SCUBA DIVING?

Are you interested in joining the club, but have never scuba dived before?

No problem, we organise introduction dives at which you can learn more about the club and get to do your first dive in a swimming pool. After you finish with the dive, you are more than welcome to join us at a bar where we meet every Monday!

LICENCED SCUBA DIVER?

Do you already have a diving certificate?

Great, you can continue your diving education with us and join us on diving weekends! The club owns BCDs, regulators, tanks and a compressor that all club members can use free of charge.

Moreover, we have enough certified divers so you will always be able to find a diving buddy!
